Build # 116 Launch Announced

Rochelle Shelton has a big dream – to own her own home. With the help of Habitat for Humanity of Sangamon County, Keller Williams Capital Realtors, Wells Fargo Mortgage, many volunteers, and the support of the community, her dream is coming true.

The land has been prepared for this home build, which is expected to continue in March, 2022. The home will be built at 710 S. State St, Springfield, IL. The home should be completed no later than June 30, 2022.

Rochelle raised three children and has enjoyed a close relationship with them and her ten grandchildren. “I want a fresh start,” Shelton said. “I want my home to be in an area close to my grandson’s school, so he doesn’t have to change schools and I’d like a third bedroom in the house for my mother when she comes to visit.”

“We’re grateful for Keller Williams Capital Realtors and Wells Fargo Mortgage and their dedication to making a difference in our community”, said HFHSC Executive Director Colleen Stone. “Once this home is completed, she will pay a zero percent interest mortgage, provided by Habitat, and property taxes. It’s a hand up for hard-working families like Rochelle and strengthens our communities.”

For more information or to join the efforts to provide simple, decent, affordable housing, visit <http://www.habitatsangamon.com> or call 217.523.2710. Habitat for Humanity is currently recruiting volunteers for this and future Habitat projects in Sangamon County.
